

Shipment arrived

August 2022
220 carts were
shipped to Partners for
Care in Kenya

Distribution begins

Quoted from the Fall 2022 Partners for Care newsletter:

“Nothing is as powerful as stories of real people whose lives have been changed by the kindness of others. There is no greater blessing than the privilege of extending kindness to some of the world’s most marginalized people—through a mobility cart –and witness first hand how their lives are forever changed!”

Partners for Care has partnered with Mobility Worldwide to help ease the burden of people with disabilities in Kenya. PFC has distributed 3000 carts!

An email and this photos received February 4,2023 from Challenged Children Foundation in Ghana.
“Our Family Appreciate the Opportunity to Receive the mobility cart which is supporting our challenged Child to school. We also have a foundation that is supporting challenged children. Thank you.
Grateful heart ”

God provides!

February 2023, a man approached Many Hands looking for help. He can't walk and our staff identified him as a perfect candidate for a Mobility Cart. He was supposed to receive one a few days prior but was unable to get to the appointment. He came to the gate hoping there was still a chance. Ewand and Christi worked with him to get his cart assembled, prayed for him, and sent him home with his new mode of transportation. He said he wants to "restore his life in Christ" and was so grateful for the help. Everything worked out in perfect timing.

May the God of hope fill you with all joy and peace in believing, so that by the power of the Holy Spirit you may abound in hope.
Romans 15:13 ESV

Emailed received: "I was in El Salvador with my wife's family for the New Year. I met this man briefly as I was driving through a very busy small town called Ataco in El Salvador.

We identified your shop number. The man says he likes the mobility cart very much and told me he had it 4 years.

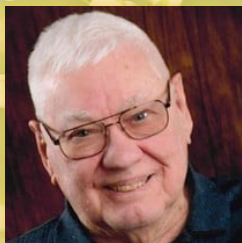

Also the roads in town were cobblestone and some with significant inclines. Great work on a quality mobility cart and for providing this gift of mobility."

Mobility Worldwide Leighton received grant money from Pella Community Foundation allowing us to purchase anti-fatigue mats for both shops. It helps relieve backaches and foot problems for our volunteers.

A great visual display of what has been accomplished because of your generous support. Thanks to Marv Rozendaal for making this board.

We express our sympathy to the family of Gene Meier who died December 8, 2022. He was a volunteer in the shop. Gene worked in the metal department cutting, drilling, and grinding steel.

Thank you for your continuous support, donations and prayers for Mobility Worldwide.
